Introducing vFit Gold PLUS

A NEW WAY TO SUPPORT INTIMATE HEALTH

vFit® PLUS has been providing life-changing **intimate health benefits for women for nearly four incredible years**. During that time, we have learned from our patients what additional support is needed along this health journey. At the same time, technology has been evolving and getting better. Thanks to your feedback, coupled with **the latest in science**, we are excited to announce a groundbreaking, new device:

The **new and improved smart vFit® Gold PLUS!**

Backed by 17 ground-breaking patents, vFit Gold PLUS is the first smart wellness device that harnesses the power of **red light, gentle heat, and sonic technology to improve strength, sensation, and natural lubrication** all from the comfort and privacy of your home.

Paired with the Joylux Gold app, your intimate health journey just got a lot easier. Enjoy pre-populated device programs; visualize change with a calendar and wellness reports; access rich health information; log over 30 symptoms for tracking your progress and menopause stage, and much, much more!
